

## **Birch Beaver Colony (Friday Night Beavers)**

We began on the 9th March 2018 with a 'Getting to Know You' session. There were 13 Beavers, 3 Leaders myself, Barry (Newt), Daniel (Bat) and a West Sussex Scouts Growth & Development Officer Mark (Red Squirrel).

We've had several more meetings discussing badges, the Scouting Family, playing new games and getting ready for tonight's investiture. Our Summer Term will focus around the My Adventure Challenge badge so we will be walking, swimming, crabbing, sand castle making and eating healthy snacks to name but a few. The support from our parents has been brilliant and I hope it carries on, without them Birch Colony wouldn't have managed to get started - a BIG thank you.  
Emma (Squirrel)

*I'm a little Beaver short and stout, here's my tail and here's my snout,  
if you pull my tail you'll hear me shout, hey I'm a Beaver cut that out!*
