

Scout AGM Report

At present we have 13 members with a possible three more to join form the thriving cub section. Over the past year we have gone to the district spring bank camp where they cooked Quiche in a camp oven, took part in cyclo-cross and done some pioneering. Made and used a raft on Chichester canal with Southbourne, 8th and 12th scout groups. some scouts went to winter camp in January at Gilwell Park where they done white water rafting, quad biking and other activities.

also we had a back camp over a night where the scouts had to cook all there own food either on open fire or hiking cookers. Some of the troop attended JOTA an international communication event at gilwell park where they communicated with people around the world do some programming and make an electrical device. We entered a team into the district Ready Steady Cook Competition where the three scouts had to do a skills test then cook a meal with some set ingredients.

we have also been join in the past year by two new leader Holly and Grant.

In the coming year we are planning to enter a team into the Junior downsman (A two day expidtion hike), go air rifle shooting, go to spring bank camp and winter camp.

I Would like to thank Scott, Holly, Grant and everyone else who has helped me in running the scout troop over the past year.

Steven Longland
Scout leader
